OBJECTIVE

- To learn new things, improve myself and increase my potential.
- To work in something that I am interested in.
- To become a game developer.
- To become a skilled programmer, creating innovative software that changes the way we interact with technology and simplify complex tasks.

CLASS AND EXTRACURRICULAR ACTIVITIES

- CS SPECIAL TALK! Co-Op vs. Project (รุ่นพี่ขอเม้าท์เล่าประสบการณ์ทำสหกิจ & โปรเจก ที่น้องๆต้องรู้!! ตอบทุกคำถามคาใจ!!!)
- Agile Practice Workshop by BETAGRO
 - CSTU FastForward
- I participated in the CSTU FastForward program as a student looking to enhance skills and career readiness.
- My task was to engage in this accelerated learning initiative to develop skills and readiness for the workforce.
- I engaged in workshops and seminars led by industry experts to gain insights into essential job-related skills.
- Exiting the CSTU FastForward program, I have developed enhanced skills, strong work readiness, and confidence to successfully enter the job market.

HOBBIES

- Playing video games on various platforms, from PC to mobile devices. Enjoying a wide range of game genres all in English language.
- Enjoying manga, novels, and webnovels all in English language.
